Test Case 1: Citizen Issue Reporting

Field Name	Details
Test Case ID	TC-FIXMYBD-IR-01
Test Scenario	Verify that a logged-in citizen can successfully submit a public issue report with valid details (Title, Description, Category, Location, and Photo).
Preconditions	1. Citizen account is created and user is logged into FixMyBD. 2. Active Internet connection and valid issue details are available.
Test Steps	1. Navigate to the "Report Public Issue" section. 2. Enter a valid Title and Description (e.g., "Broken Road in Ward 3"). 3. Select a Category (e.g., "Road Repair"). 4. Select Location hierarchy: Division → District → Upazila → Union → Ward. 5. Upload a valid image file as evidence. 6. Click on the "Submit Report" button.
Input Data	**Title:** "Broken Road in Ward 3" **Description:** "Large pothole causing traffic issues for 2 weeks." **Category:** "Road Repair" **Location:** Dhaka → Dhaka → Savar → Savar Union → Ward 03 **Photo Attachment:** road_pothole.jpg

Expected Result	1. System validates inputs and submits the report successfully. 2. Issue status is set to "Submitted". 3. A success message "Report Submitted Successfully" is displayed. 4. The report appears in the user's "My Reports" list with a generated Report ID.
Actual Result	*(To be filled during test execution)*
Status	*(Pass / Fail)*
Remarks	Validates functional issue submission workflow and database entry for new reports.

Test Case Design 2 — Track Report Status

Field	Details
Test Case ID	TC-FIXMYBD-TS-01
Test Scenario	Verify that a citizen can view the current status and progress timeline of a previously submitted report.
Preconditions	1. Citizen has a registered account and is logged in. 2. Citizen has at least one previously submitted report. 3. The report has status information available from the authority.
Test Steps	1. Navigate to My Reports. 2. Select a previously submitted report. 3. Open the report details/tracking page. 4. View the Current Status. 5. View the Progress Timeline. 6. Check whether available authority updates are displayed.
Input Data	Report ID: Valid existing report ID Initial Status: Submitted Authority Update: Report reviewed and status updated to Acknowledged / Under Assessment
Expected Result	The system displays the selected report's current status, progress timeline and available authority updates correctly. When the authority changes the report status, the updated status should be visible to the citizen.
Actual Result	To be completed during test execution
Status	Pass / Fail
Remarks	Validates transparent report tracking and visibility of authority progress updates.
